

Growing in Christ

How to become more like Jesus through the power of the Holy Spirit

The Christian Life is not a “one stop” experience. It involves a “growing daily” walk with God. From the moment we **encounter** God’s love for us, Christ calls us to a deeper, holy life. In **worship**, we surrender our hearts to God and we are saved by God’s grace. From that day forward, we are being transformed by the cleansing and renewing power of the Holy Spirit and made completely new. We cooperate with the Holy Spirit by **developing** in our relationship, knowledge and experience of the Triune God and other people. Our ultimate response of gratitude to God’s work in our lives is to walk in faith and obedience as we **serve** Him and **share** His love with others.

We gather together each Sunday to worship in praise, prayer and preaching. This is where we truly surrender our hearts to the one who laid down His life for us. God longs for us to respond to His great love for us.

DEVELOPING

A Heart Like God's

Surrender begins a life long journey of growing daily in God. We call this discipleship but it can also be called personal growth. He calls us to grow in our relationships with Him and others, our knowledge of His character and love for us, and in our experiences of His love and guidance. We offer classes and events to help us continually be growing.

SERVING

God

When our hearts have truly been changed, we cannot help but to serve in gratitude

We are saved by faith alone, but God expects us to respond to Him in gratitude by serving Him and others. Developing a heart like God's is developing a servant heart. It is our experience that the more we serve the more we want to serve so we offer opportunities to serve locally, regionally and internationally, both in the church and outside its walls.
